

## Curriculum Vitae

### Name

Annamaria Mazzia

### Born

5th June 1972 in Taranto (Italy)

### Current position

Associate professor of Numerical Analysis at University of Padova, Department ICEA.

### Education

1994 Mathematics Degree ( *cum laude*) at the University of Bari.

2000 PhD on Computational Mathematics at the University of Padova.

### Previous positions

2000 -2006 reasercher with contracts named *assegno di ricerca* and *Co.Co.Co* at University of Padova.

2006-2016 researcher of Numerical Analysis at University of Padova.

### Main areas of research interest

Solution of Partial Differential Equations by numerical schemes as Finite Volumes, Mixed Finite Elements schemes, Meshless methods, Virtual Elements methods.

### Publications

She is author or co-author of more than forty papers published in international journals and proceedings of international conferences.
